

Bernard - son of Brusnik from a Heathrow hind, is a new sire for Peel Forest Estate.

Scoring an impressive 550 4/8 MI this season he has a 48" main beam with long, high scoring tynes.

This style of antler will enhance the already high scoring heads of Peel Forest - with a long open crown and excellent main beam length, the crossing of Bernard with the Peel Forest Furzeland mix will produce some exciting trophies in the future.
