RYAN

PURE FURZELAND

Ryan is a pure son of Romulus out of a Nero Hind.

Ryan possesses long bottom tynes with excellent length of antler that the trophy market requires.

He carries the excellent Furzeland temperament and lovely body structure.

As he has matured he has consistently produced an extra trez tyne which we have now recognised he leaves strongly in his offspring. A wonderful trait for the trophy industry.

He is a bloodline that we believe has further enhanced our Furzeland genetics. Sire of outstanding young sire Rob Roy.
